

Livestock Marketing Association of Texas

April 3, 2020

Texas Livestock Markets:

The State of Texas, White House and Department of Homeland Security have deemed agriculture and livestock auctions as "essential business" with exemptions allowing auctions to continue operating despite executive orders requiring crowds be limited to less than 10 people in number.

However we are hearing from state officials that remain extremely concerned with the crowd numbers in many auctions. We must all take the necessary actions to reduce crowd sizes and to observe social distancing requirements by keeping employees, buyers and anyone on our auction premises spaced the recommended minimum 6-feet apart.

This action is critical to our ability to continue operations.

If you have any questions or need support in updating your operating policies please contact Jesse Carver at 816-442-9028 or jcarver@lmaweb.com.
